

1                   **ARTICLE 24. DISCIPLINE and TERMINATION FOR CAUSE**  
2

3     **Section 1.** No bargaining unit faculty member shall be subject to discipline without just cause.  
4     Discipline will be administered in a progressive manner. Some conduct, including but not  
5     limited to conduct in violation of the University’s non-discrimination policies, warrants a  
6     substantial sanction or dismissal on the first occurrence. A history of discipline, whether  
7     identical in nature or not, may have a cumulative effect, resulting in a more severe sanction.  
8

9     **Section 2.** As used in this Agreement, “discipline” shall be limited to the following:

- 10    (a)     Written letters of reprimand  
11    (b)     Demotion  
12  
13    (c)     Loss of or reduction in benefits  
14  
15    (d)     Suspension with or without pay of various lengths  
16  
17    (e)     Loss of perquisites (an incidental payment, benefit, privilege, or advantage over and  
18            above regular income, salary, wages or benefits)  
19  
20    (f)     Restitution  
21  
22    (g)     Limitation on access to University owned or controlled property  
23  
24    (h)     Reduction in salary or contract period  
25  
26    (i)     Loss of tenure  
27  
28    (j)     Termination  
29

30     In order to be considered disciplinary in nature, an action must be expressly identified as  
31     disciplinary by the University. Oral counseling, oral reprimands, remediation for a specific  
32     period of time, evaluations, and promotion and compensation decisions are not discipline.  
33

34     **Section 3.** Termination of a bargaining unit faculty member prior to the expiration of his or  
35     her appointment, termination of a tenured bargaining unit member, or other action, taken for  
36     financial, programmatic or other administrative considerations shall not be covered by this  
37     Article.  
38

39     **Section 4.** A bargaining unit faculty member has the right to have a Union representative  
40     present, to represent or accompany the member, in any meeting regarding discipline.  
41

42     **Section 5.** The University will provide written notice and an opportunity to respond prior to  
43     termination of a bargaining unit faculty member or the imposition of discipline involving a loss  
44     of pay or benefits.

**Section 6.** All disciplinary actions covered by this Article are grievable under Article 22, Grievance Procedure. A grievance concerning suspension without pay or termination may be initiated at Step 3 of the grievance procedure.

**Section 7.** The University may place a bargaining unit faculty member on administrative leave with pay and impose other conditions on a bargaining unit faculty member that do not involve the loss of compensation while the University conducts an investigation or considers the imposition of discipline.

**Section 8.** Action by the University under this Article is not stayed by the filing of a grievance or by arbitration, except by mutual agreement.

**Section 9.** If a bargaining unit faculty member is absent without leave authorized under this Agreement for 21 consecutive days during any academic or fiscal year, the bargaining unit faculty member may be considered to have abandoned his or her position and voluntarily resigned from employment with the University. Before terminating the bargaining unit faculty member's employment, the University shall attempt to contact the bargaining unit faculty member by phone, at his or her University email address, at his or her personal email address if on file in the Banner system, and by letter mailed to the last address on file in the Banner system, and shall provide the bargaining unit member with at least seven days to respond. The University's attempt to contact the bargaining unit faculty member may occur during the 21-day absence, or after. The University will provide the Union with notice of the termination of a bargaining unit faculty member under this provision. Nothing in this Article shall prohibit the University from reinstating a bargaining unit faculty member to his or her position.
